★ **Eagles Nest New Zealand 98.90**

High on a bluff overlooking the Bay of Islands on New Zealand's North Island, the five-villa Eagles Nest combines privacy and great service with style. The resort's chefs provide in-villa dining, and in-villa massage and fitness sessions with a personal trainer can be arranged. The extensive wine cellar stocks the best New Zealand and Australian wines. Activities include waterskiing, diving, kayaking, tennis and golf.

X-factor The ultra-chic villas are a slick design fantasy with glass walls and chrome bathrooms.

Four villas have infinity-edged lap pools overlooking the ocean.
