

# Bird Life at Eagles Nest

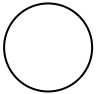

**Kiwi-nui ~ North Island Brown Kiwi**

Dark brown spiky feathers streaked with reddish brown and black. Long pale bill, short dark legs, toes, and claws. Males have a high-pitched ascending whistle; females have a slower and lower pitched guttural cry.

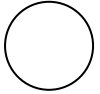

**Weka ~ Flightless Bird**

A large flightless rail with red eyes, a strong pointed reddish to greyish bill, red strong legs and variable plumage ranging in colour from greyish and mid-brown to chestnut brown and almost black.

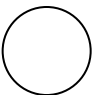

**Koera ~ California Quail**

California quail are stocky, predominantly grey, and brown, with a diagnostic forward-curling black plume rising erect from the top of their heads. Males have a black chin and cheeks edged with white, and separate white 'eyebrows' join on the forehead.

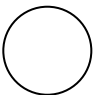

**Tūi ~ Tui**

A large dark honeyeater with a decurved black bill, dark brown eyes and black legs, feet, and head. Underparts, wings, and tail show iridescent blue and green.

**Peihana ~ Pheasant**

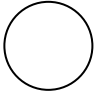

A chicken-like bird found in rough farmland and shrublands along coasts and rivers. Males are long tailed with boldly marked blackish heads with red facial wattles. Females are smaller and brownish grey.

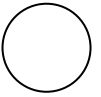

**Kōtare ~ Sacred Kingfisher**

Medium sized, green/blue back, yellow-buff undersides, and a large pointed black bill. A broad black eye-stripe from lores to ear-coverts, and a white collar in adults. Immatures are duller, with buff feather edges on upper parts and brownish mottling on the chest and collar.

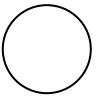

**Kererū ~ New Zealand Pigeon**

A large arboreal pigeon with a red bill, feet, and eyes. The upperparts are blue/green with a purple-bronze iridescence on the neck, mantle, and wing coverts. The underparts are white with a sharp demarcation between the white and blue/green on the upper breast.

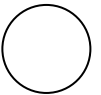

**Pīwakawaka ~ New Zealand Fantail**

A small songbird with a greyish head, white eyebrows, brown back and rump, cinnamon breast and belly, white and black bands across the upper breast, and a long black and white tail.

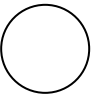

**Kākā Uhi Whero ~ Eastern Rosella**

Dark green/light blue long tail feathers with a bright red head, white cheek patches and yellow belly. Yellow/green upper back mottled with black, bright green rump, dark blue upper wings, bright blue shoulders.

**Kororā ~ Little Penguin**

A small, stocky, dark blue and white penguin with a long, robust, dark hooked bill, blue/grey eyes, relatively short flipper-like wings, and pinkish-white legs and feet.
